

DIESEL PLATE COMPACTOR WXC100DK

Powerful, reliable, and built for performance. The WebX Diesel Plate Compactor delivers consistent soil and asphalt compaction with maximum efficiency. Its durable base plate, vibration-reducing handle, and compact design ensure comfort, maneuverability, and access to tight spaces. Ideal for construction and landscaping projects, it combines high performance with low maintenance for long-lasting results.

- ✓ Kama KM173 diesel engine
- ✓ Heavy-duty base plate
- ✓ Easy-to-operate controls
- ✓ Compact design

Specification

Engine	Kama KM173F
Power	5.0HP / 3.3kW
Base Plate Size	450 x 530 mm
Centrifugal Force	18 Kn
Exciter Speed	5000 rpm
Travel Speed	20–25 m/min
Static Pressure	440 kPa
Vibration Level	2.45 m/s ²
Weight	110 kg
